A woman in a floral top and dark pants is standing in a large, modern interior space, interacting with a large, curved digital display. The space is characterized by numerous tall, pink, tree-like columns and a ceiling with recessed lighting. In the background, a sign indicates directions to 'Viger', 'Billetterie (S)', and 'Métro Place-d'Armes'.

” Ei ainoastaan taiteilija esitä luovia tekoja; katsoja liittää taideteoksen ulkoiseen maailmaan avaamalla ja tulkitsemalla teoksen sisäisiä ominaisuuksia lisäten näin panoksensa luovaan toimintaan.”

” I conceive of non-ecological design as either capricious, arbitrary, or idiosyncratic, and it’s certainly irrelevant. Non-ecological design and planning disdains reason and emphasizes intuition. It is antiscientific by assertion.” - Ian McHarg

Michael Heizer (1944-)

It is interesting to build a sculpture that attempts to create an atmosphere of awe ...

Immense, architecturally-sized sculpture creates both the object and the atmosphere ...

Awe is a state of mind equivalent to religious experience ...

To create a transcendent work of art means to go past everything.
