

Design Factory Machine Shop Places of Purchase

The document is divided into these categories:

- Accessories
- Raw materials
- Surface treatments
- Tools and bits
- General stores
- Aluminium profile and fasteners
- Subcontracting

The list contains companies that Design Factory has purchased from before. Many of the companies offer much more than what is mentioned.

Yellow marked rows are preferred companies to purchase from!

Accessories

Electronics

Elfa	Electronic components and tools
Farnell	Electronic components
Yleiselektroniikka	Electronic components
Partco	Batteries, electronic components, cheap
Malmbergs	Electronic components, electric power
Finnparttia	Electronic components

Mechanics

Etra	Bearings, selaings, rubber and plastic equipment
SMC	Pneumatic components
SKS	Both mechanics and electronics
Mekanex	conductors, couplings, other mechanical components
Movetec	Mechanical and electronic components and devices

<i>Audio</i>	
Audico	Audiovisual devices, lamps
Studiotec	Audiovisual devices, lamps
<i>Others</i>	
Spandex	Kapa boards, stickers etc.
Staples	Office supplies
Jousiteos	Springs
Lesjöfors	Springs
Meconet	Springs, metal components
Masino	Special screws and fastening equipment
Helakauppa Hokola	furniture items and hinges
Kentso	seegers, bearings, drives etc.
Pa-Hu	packing equipment and cardboards
Tappex	Threaded inserts for 3D printed parts and many more
Tanreco	Finnish supplier of Standard components from Halder & Mädler
Elesa	Standard components
Essentra Components	Plastic "standard" components
Spinea OY	Finnish supplier of Ganter Norm standard components
Swagelok	Industry process piping and fittings
Mittaletku	Hoses, fittings, couplings
Tiivistekeskus	O-ring, seal supplier. Large selection of materials, styles and shapes
Meyer-vastus	Heating elements, temperature measurement probes, etc
OEM OY	Industrial component supplier for many different applications
Lektar OY	Pipe insulation material and Technical components (MAC valves)

Raw materials

The fastest and easiest place is the material storage in DF. Ask more about that from Machine shop staff!

Pelaser	Sheetmetal, laser and water jet cutting
Laserle	Laser and water jet cutting
Nakorauta	sheets, tubes, beams, shafts etc.
Kumi-Aitta	Rubber materials, belts, bearings
Uudenmaan	Fe. materials and cutting
Teräsleikkaus	

Kimet / Sten	Special steels, stainless steels
Thyssen / apollomaterials	Aluminiums
Exel	Carbon fibre pipes
Kevra	Resins, glass fibre mats
Materialshop	Epoxy, silicone, resins etc.
Fluorotech	Plastics
Vink Finland	Any plastics
Etra	Plastics, rubbers
Rautaruukki	Metals
Tibnor	Steel, stainless steel, Al, Copper
Uddeholm	Tool steels
Stark	Hardware store
Bauhaus	hardware store
Puukeskus	Wood plates, wood
Timgrei alumiinitukku	Al profiles
Mercasteel	Aluminium, stainless steels, steels
Alumeco	Large selection of aluminiums
Helsingin Rauta	Copper, Brass, and special items
Cronvall	Large selection of metal products
Metalcenter Group OY	Copper, Brass, Bronze, Titanium
Harald Phil	Special alloys and Titanium

Surface treatment

Alumiinikilpi	Anodizing, engraving etc.
Amoila	Galvanizing, nickel plating, chromating
Sarja-Maalaamo	Painting, pulver painting
Anodisointi Janster	Aluminium surface treatment
Bodycote	Heat and surface treatment
LMP merkkkaus	Laser engraving on different surfaces
RTH kaiverrus	Laser engraving, printing and vinyl making

Tools and bits

Wurth	Tools, chemicals and other equipment
Työkalupalvelu	Tools and bits
Kauppaosakeyhtiö	(Hand) tools and bits

General stores (anything)

[IKH](#)

[Biltema](#)

[Motonet](#)

Aluminium profile and fasteners (Easy and quick modular frame building)

[Easy-systems](#)

[Greenlab OY](#)

[Item profiili](#)

Subcontracting

Summanen oy.	Sheet metals, tubes, painting
------------------------------	-------------------------------

Nina Pohjanheimo	Scale models
------------------	--------------

FC- koneistus	Water jet cutting, others
-------------------------------	---------------------------

Ajatec (Alphaform)	3D printing, modelling services
---------------------------------------	---------------------------------

Kellokosken koneistus	Small & complex part CNC machining
---------------------------------------	------------------------------------

Sulotek	3D ads and big styrox pieces
-------------------------	------------------------------

Viisax	Big model and mold milling
------------------------	----------------------------

Mectalent	Prototype CNC machining & small series production
---------------------------	---

Finnish-special glass	Custom glass components manufacturer
---------------------------------------	--------------------------------------

When ordering always remember to add the delivery costs in the order receipt.

Ask [Design Factory staff](#) for more information and help.
