

For the Team-based Round-table Discussion, please be prepared to select, read (view), document and be prepared to briefly present (max 1 A4 page) a summary addressing the following interconnected Questions ...

---

a). What did you personally find most interesting, insightful and useful from the material you re)viewed?

---

b). Briefly explain the overarching concepts, ideas or frameworks presented?

---

c). How, and in what way, do they relate to your case company, and help 'inform' your team-based project?

---

d). Any other particular or outstanding insightful thoughts from the material presented on the SI&D Course?

---
