https://www.youtube.com/watch?v=gGcm6_AxyV

Welcome to the
world of CIGRE

cigre
For power system expertise

What is CIGRE

Global non-profit community established in 1921 committed to collaborative development and sharing of end to end power system expertise.

In numbers:

- Thousands of professionals from over 90 countries
- 1250 member organizations
- 61 National Committees including CIGRE Finland
- 16 domains of work concentrating on various power system areas - equipment, technologies, new materials and IT
 - 250+ working groups
- One of the world's most comprehensive, accessible databases of relevant technical works on power systems engineering: e-cigre.org

CIGRE Finland Next Generation Network (NGN)

Main goal is to organize opportunities for...

- introducing, involving and training young professionals and students to the CIGRE work.
- creating connections between young professionals and students in power engineering.

Young members (max 35 y.o.) of the Finnish National Committee of CIGRE can join CIGRE Finland NGN.

Read more and join here:

<https://www.cigre.org/GB/join/how-to-join>

CIGRE membership is free for bachelor/master level students and discounted for all young members.
