

ARK-E1023 Parametric Design Introduction

Toni Kotnik

Professor of Design of Structures

Aalto University
Department of Architecture
Department of Civil Engineering

Associative Geometry
Curves
Surfaces
Data Handling
Form-Finding
Optimization

weekly

input

recorded session

exercise

self-study with handbooks,
forum and video tutorials

reading

optional

10 – 11 / 11-12

Q&A

consultation hour

required submission

homework 1

homework 2

design task

deadline: 30 April 2023
