Learning Café: Reflecting on the teaching practice

Learning café

Based on the idea that human beings have wisdom and creativity that helps them face challenges.

- Build common thinking
- Conceptualize experiences
- Systematize and model matters
- Disseminate good ideas and practices
- Generate new knowledge
- Test produced ideas in practice

Instructions for Learning Café

- We have 3-4 groups (3-4 tables)
- Each café table has a specific topic to discuss and reflect on
- Groups move from a café table to another when the teacher gives a sign (~5 min/table)
- Draw and write on “the tablecloths” – express your ideas
- Every new group will continue the discussion on the basis of the opinions, suggestions made by the previous one
- Continue the discussion, add your ideas and thoughts.
- In the end come back to the table where you began the process.
