Engineering

# CHEM Guild Introduction

*CHEM International Officers*

# Who are we?

Amanda

Minna

Juho

Anni

# What is a Guild?

**A guild is a student association within Aalto University.**

**They help connect all students of a study programme.**

**Responsible for hosting a wide range of events all year around.**

**Entirely based on volunteering!**

# What Events does a Guild Run?

# What Events Guilds Organize?

## 1) Hang-out and Sauna Evenings

Regular chances to relax, play games and have fun with your guild mates.

Usually have snacks/food available.

Sauna is entirely optional!!!

# What Events does a Guild Run?

## 2) Sitsit

**Sitsit, or academic table parties, are a core part of Teekkari student culture.**

**Involve a three course meal, singing and (optional) drinking.**

**Can be formal, or often have a theme to dress up as.**

**Extremely fun and loud!**

# What Events does a Guild Run?

## 3) Excursions

Visits to various companies around Finland.

One day excursions - visit a company during the day, often an informal party in the evening.

Long homeland excursions - 3/4 day trips across Finland, visiting companies along the way.

Chances to meet companies, people and see the beauty of Finland!

# What Events does a Guild Run?

## 4) Sports Events

**CHEMeleon's sports team for sports including floorball, basketball, volleyball etc.**

**Open to all members of CHEM.**

**Also parties and inter-uni competitions all year round.**

**See CHEMsports on Facebook for more information.**

# Guilds in CHEM

# Association of process engineering students, PT

- A collective for CHEM students, takes care of all freshmen primarily on bachelor level
- Focuses on giving freshmen the Teekkari training, as well as get them their caps
- Organizes various events for students
- Visit us at Kemistintie 1D 2 (same as VK!)

## How to recognize us

Red and yellow stripes on blue overalls

## No master's programmes!

## International officer (2018)

Anni Ristola

[anni.ristola@aalto.fi](mailto:anni.ristola@aalto.fi)

## International officer (2019)

Juhani Rahikka

[juhani.rahikka@aalto.fi](mailto:juhani.rahikka@aalto.fi)

# Forest Product's Guild, PJK

- For all students that are interested in forest product technology and biomass usage.
- Excellent links and excursions to industry.
- Find us in our guild room in PUU1!

## How to recognise us

Yellow sleeves and overalls

## Master's programmes

Biomass Refining

Fibre and Polymer Engineering

Industrial Energy Processes  
and Sustainability

## Head of International Affairs:

2018 Minna Ukkonen

[minna.ukkonen@aalto.fi](mailto:minna.ukkonen@aalto.fi)

2019 Veera Turunen

[veera.turunen@aalto.fi](mailto:veera.turunen@aalto.fi)

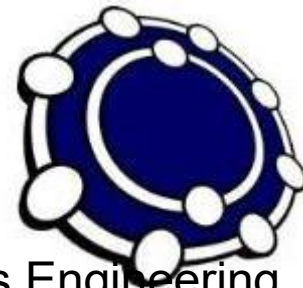

# Chemistry Guild, KK

- The oldest and most beautiful guild
- For all interested in Chemistry and Biotechnology
- NeonRave, Corona, Nintendo, plushies
- Free coffee for members at our guild room that is located near the main entrance of the Chemistry Department!

**How to recognise us**  
Red sleeve or overalls

## Master's programmes

Chemical and Process Engineering  
Chemistry  
Biotechnology  
LifeTech - Biosystems and Biomaterials Engineering

## International and Master's officer:

2018 Amanda Vonk

internationalofficer@kemistikilta.

fi

2019 Damla Serper

internationalofficer@kemistikilta.

fi

# Materials and Metallurgy Guild, VK

- For everyone who's interested in materials and metals.
- Small, but the loudest and loveliest guild!
- Visit us at Kemistintie 1D 2 (same as PT.)

**How to recognise us**  
Blue overalls

**Master's programmes**  
Sustainable Metals Processing  
Functional Materials

**Head of International Affairs:**  
Juho Hentman  
[juho.hentman@aalto.fi](mailto:juho.hentman@aalto.fi)

# How to Join a Guild

Pay 8 € to the guild you want to join, via cash to a board member or bank transfer (see on each guild's webpage for details.)

Board members are easy to find in their respective guild rooms.

Joining one CHEM guild is usually enough to participate in all CHEM events (except very in demand events). You can join more than one for added benefits!

Every Monday you'll have an introduction hang-out event at the guild rooms, stay tuned.

# International Mailing List

Contains a summary of upcoming events in CHEM (and larger non-CHEM events), as well as important notices.

Sent every Monday by International Officers. First one arriving today or tomorrow!

**You can join it after the lab safety lecture today or at the welcome evening! We highly recommend joining:)**

# Student Overalls

Overalls represent an important part of being an engineering student in Finland.

They are received during freshman year and are customized with badges and other items showing events been to, interests, hobbies etc.

The colour of the overalls shows the student's study area.

# Teekkari Cap

Teekkari caps are a culmination of 145 years of engineering student culture in Finland.

Freshmen who have earned enough points receive their caps on 1<sup>st</sup> May.

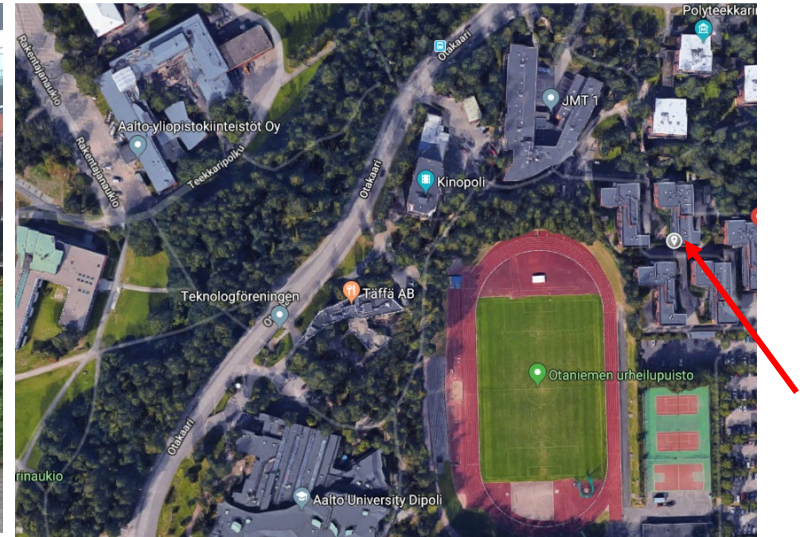

Caps can only be worn between the 1<sup>st</sup> May and 30<sup>th</sup> September.

They are a symbol of pride and unity for all who have received them.

# Events

- 3.1. Monday: Welcome evening at 5pm @Otaranta clubroom
  - 7.1-28.1 Mondays: Guild introduction hang-out's @Guild rooms
  - 9.1. Wednesday: Movie night at 5.30pm @Kinopoli (Otakaari 20)
  - 15.1. Tuesday: Winter day starting at 2.30pm @Amfi
  - 17.1. Thursday: CHEM international practice sitsit at 5.30pm @Otakaari 20 upstairs
  - 25.2. Monday: Food around the world @Otaranta clubroom
  - 29.3. Friday: CHEM international Appro @Helsinki
  - ?: Overall patch sewing event @Guild rooms
- ... more around Vappu (1.5.)
-

# Welcome Evening 3.1.2019 (that's today!) 6 pm to 10 pm at Otaranta Clubroom, Otaranta 8 B
