Milestone Description	DL																																																																				
<b>Pre-assignment</b> 5.-12.4.2019	12.4.2019	Pre-assignment																																																																			
Introduction	12.4.2019	Introduction																																																																			
Quiz	12.4.2019	Quiz																																																																			
Study right form	12.4.2019	Study right form																																																																			
Course plan v. 1.0	12.4.2019	Course plan v. 1.0																																																																			
<b>Learning Outcomes and Core Content</b> 15.4.-26.4.2019	26.4.2019	Learning Outcomes and Core Content																																																																			
Unips-video: Learning Outcomes	26.4.2019	Unips-video: Learning Outcomes																																																																			
Unips-video: Core Content Analysis	26.4.2019	Unips-video: Core Content Analysis																																																																			
Reading materials	26.4.2019	Reading materials																																																																			
Theme discussion 17.-26.4.2019	26.4.2019	Theme discussion																																																																			
Course plan v. 2.0	26.4.2019	Course plan v. 2.0																																																																			
Group's case working: writing a case	18.5.2019	Writing a case																																																																			
<b>Teaching and assessment methods</b> 29.4.-10.5.2019	10.5.2019													Teaching and Assessment methods																																																							
Unips-video: Assessment	10.5.2019													Unips-video: Assessment																																																							
Unips-video: Teaching Methods	10.5.2019													Unips-video: Teaching Methods																																																							
Reading materials	10.5.2019													Reading materials																																																							
Theme discussion	10.5.2019													Theme discussion																																																							
Course plan v. 3.0	10.5.2019													Course plan v. 3.0																																																							
Group's case working: writing a case	18.5.2019	Writing a case continues																																																																			
<b>Educational Technology in teaching</b> 13.-17.5.2019	17.5.2019													Educational Technology																																																							
Video- and reading materials	3.1.1900													Video- and reading materials																																																							
Theme discussion	13.-17.5.2019													Theme discussion																																																							
Peer feedback from course plan v. 3.0	17.5.2019													Peer feedback																																																							
Group's case working: writing a case	18.5.2019	Writing a case continues DL 18.5.2019																																																																			
<b>Workload</b> 20.-31.5.2019	31.5.2019																											Workload																																									
UNIPS-video: Workload	31.5.2019																											UNIPS-video: Workload																																									
Reading materials	31.5.2019																											Reading materials																																									
Course plan v. 4.0	31.5.2019																											Course plan v. 4.0																																									
Group's case working: solving a case	20.5.-3.6.2019																											Solve a case and make a video																																									
<b>Course Development</b> 3.-14.6.2019	14.6.2019																											Course Development																																									
Reading materials																												Reading materials																																									
Facilitator feedback from course plan	7.6.2019																											Facilitator feedback from course plan																																									
Case solutions	3.6.2019																											Case solutions																																									
Case discussion	3.-10.6.2019																											Case discussion																																									
Course plan v. 4.0 Final version	14.6.2019																											Course plan v. 4.0 Final version
