

PHYS-C1380 - Multi-disciplinary energy perspectives, Spring 2019

Grades from the Group Presentation and Group Report

The final grade for the presentation and report takes into account the within-group peer assessment. This is done by multiplying the grade by a factor determined as the persons peer assesment score divided by the groups average peer assesment score.

| Student number | Presentation Grade by Peers and Teacher | Presentation Within Group Peer assesment Grade | Presentation Within Group Peer Assesment Factor | Presentation Final Grade | Report Grade by Teacher | Report Within Group Peer Assesment Grade | Report Grade Peer Assesment Factor | Report Final Grade |
