

Economics MSc Thesis credits

Research plan 10 credits

Credits can be obtained after completing these tasks:

- Supervisor accepts the research plan (prior to it being presented in the seminar)
- Seminar host accepts the research plan and topic presentation.

Apply for credit by sending an email to the seminar host, with the thesis supervisor in cc. Grading is pass/fail. These credits become effective at the end of the first seminar period.

Findings 10 credits

Credits can be obtained after completing these tasks:

- Thesis supervisor accepts the main paper (prior to it being presented in the seminar).
- Seminar host accepts the main presentation.

Apply for credit by sending an email to the seminar host, with the thesis supervisor in cc. Grading is pass/fail. These credits become effective at the end of the second seminar period.

Submitted thesis 10 credits

Thesis credits are obtained after the complete thesis is submitted according to School policy. Grading is 1-5.

Notice that thesis submission and grading are not related to the MSc thesis seminar. Discuss the timing and details with your thesis supervisor.
