**COMPASS SQUARE, HELSINKI RAILWAY STATION (KOMPASSIAUKIO)**

**Deadline Tuesday 16.2.2021, 9.15**

The fifth task is to start finalizing your group's own project for Compass Square. Sum up your findings from the earlier tasks, combine them with the atmospheric ingredients found by the other groups and start working on your own concept. The findings of each group are now commonly shared and to be used in the final phase.

As a reminder the full toolbox is now including:

- lines / graphical qualities
- volumes / forms
- textures and patterns
- colours
- light / shadow qualities
- rhythmic qualities

Use professional medium such as plan drawings, sections, visualizations and modelling in order to clarify your ideas. You can also use model photos, manipulated reference images, etc. The technique is up to you. Present the outcome freely in pdf format in max. 15 minutes / a group.

**Good luck!**
