

## How to use JupyterHub?

- Go to <https://jupyter.cs.aalto.fi/>
- Login with your Aalto username

Sign in

Username:

Password:

Sign In

- Select server option "CS-EJ3211: Machine Learning with Python 2021 Spring 2"

CS-EJ3211: Machine Learning with Python 2021 Spring 2

- Go to "Assignments" tab and fetch available assignment (jupyter notebook).

Files Running Assignments IPython Clusters Nbextensions

Released, downloaded, and submitted assignments for course: mlpython2021a

Released assignments	
R0_Intro	mlpython2021a <a href="#">Fetch</a>

- Now you should see the folder with notebook under the "Files" tab.

Files Running Assignments IPython Clusters Nbextensions

Select items to perform actions on them.

0 [/ notebooks / mlpython2021a / R0\\_Intro](#)

..

[Round\\_0.ipynb](#)

- Submit ready notebook at "Assignments" tab by clicking on submit button.

Downloaded assignments

R0_Intro	mlpython2021a	<a href="#">Submit</a>
----------	---------------	------------------------

**!!! Important!!! Save your work regularly in the case of server crash and before submitting file.**

When saving file, make sure that checkpoint timestamp is displayed after clicking on save button:

You can submit notebook many times, only last notebook version will be graded.

## Common questions about JHub

1. “No such file or directory” error, not able to fetch/submit notebooks.

Go to `Control Panel`

Click on `Stop My Server`

Select server option "CS-EJ3211: Machine Learning with Python 2021 Spring 2"

## 2. Where can I find images/dataset files?

Click on folder icon

Data is in `coursedata` folder

## 3. How to download/upload file from/to Jupyter Hub?

Download file from Jupyter Hub

Upload file to Jupyter Hub
