

# Biotech/synbio pitching competitions 2021

## BioFinland Pitching Competition

The aim of the competition is to encourage students to take a more positive stand towards biobusiness and entrepreneurship. Finnish Bioindustries invites all the students in Finnish universities and universities of applied sciences (bachelor, master, doctoral, graduate school students) to participate in the competition.

## Synbio Power Pitch Competition

Synbio Powerhouse, the innovation and business ecosystem in synthetic biology in Finland, is organising a pitching competition to find innovative ways to use biological sidestreams and waste streams to produce added-value products, using the tools of synthetic biology and biotechnology.
