Organic Structural Analysis  
CHEM-E8100

*Exam on Monday 17 October 2022 at 14:00 lecture hall Ke1*

- Allowed items:
  - One A4 sized “cheat sheet” for your notes (handwritten or prepared by using computer). Both sides of the paper can be used.
  - Writing instruments
- The exam contains three structure determination problems.
- Do not write lengthy essays. However, it should be clear how you arrived at your answer.
- Clearly mark your final answer – preferably by drawing a box or a circle around it.
- $^1\text{H}$  and  $^{13}\text{C}$  NMR chemical shift tables will be provided.
- The maximum score is 100 points and the pass mark is 50 points.
- You must return all papers, including scratch papers. However, you can keep the cheat sheet.
