

DOM-E5004

INTERACTIVE ART

Location: Q103, Q203 or G203

CONTENT

The aim of the course is to explore the notion of interaction within the context of new media art. The students will create artworks for a new media art exhibition that opens in the Spring semester.

THESIS SUPPORT

If your master's thesis contains an artistic component, this course can be used to support the process and to allow you to exhibit your work in the Spring semester.

Schedule

The exact schedule is due to change depending on how things progress throughout the year and where/when we are able to find a location for the exhibition.
