

## **Surface Design 2020**

Maarit Salolainen

### **Pre-assignment**

1. Which colors interest you now? Bring twelve (12) swatches, size 5 cm x 5cm, to the collection kick-off meeting on Thursday January 9th. The colour swatches can be of any material, they can be painted, printed, cut out of magazines etc. Most importantly the colour needs to be exactly correct! These need to be loose swatches, not part of an image or moodboard.

2. What inspires you now? Art, fashion, movies, events, artists, politics, science, designers, travelling, materials... It can be whatever. Collect phenomena, edit your inspiration and then select 5-8 images or objects to be presented in the Thursday Jan 9th 2020 meeting. No digital presentations. Please bring printouts (no ready mood boards or collages but individual images), clippings, material samples or something else tangible!

See you in 2020!
