Live report from undisclosed location

Find an interesting place near your home that you want to show us for a maximum of one minute. Show us the place through your mobile phone camera. The place can be indoors or outdoors, big or small, in built environment or in nature. Remember safety!!!

Choose five details of the place that you can show us as part of your report. Tell us about the atmosphere of the place. What makes it interesting for you? Does the place have an interesting history? What could happen there?

Use the Zoom mobile app for your live report. We will meet at 10:00 in Zoom. Make sure your mobile phone battery is charged!
