

Course Title				
MLI61A130	Business Communication	3 cr		
Learning Outcomes and Content				
Outcome : Learning outcomes for this course, upon successful completion, include the ability to: 1) analyze audiences and define objectives to create targeted messages, 2) write coherent and convincing, reader-friendly e-mails, 3) plan and deliver clear, focused and engaging business presentations, and 4) critically assess their own and others business communications.				
Content: Business Communication gives students a clear insight into what constitutes effective oral and written business communication in a fast-paced global business environment. The course is highly interactive and task-oriented. Case analyses, written assignments and individual and team presentations will allow students to practice the theories and key concepts introduced during the course. Peer and lecturer feedback will give students a clear picture of their present communication skills, and an indication of how the performance can be enhanced. Cefr: Starting level C1

Academic Policy Statements

TEXTBOOK POLICY

All required textbooks and other course materials are the responsibility of the student. It is the expectation of faculty that all students will have access to the textbooks and other reading material. If a student is not able to purchase his/her own copy of the textbook or other required reading materials, it is nonetheless the student's responsibility to find a way to complete the reading for the course.

COURSE PARTICIPATION

A hallmark of the Mikkeli program is student engagement in the classroom, which for this course is an online learning space. Students are expected to participate actively in the course and follow lectures and other presentations, whether synchronous ("live") or asynchronous (recorded). Assignment deadlines will be enforced as for regular courses. As always, faculty will evaluate your achievement of the learning outcomes of the course through assessment methods approved by the program director. A passive approach to the course will negatively affect your grade. In practical terms, this means that the instructor for the course will take attendance in the synchronous sessions. **Any student who is absent for 25% or more of the synchronous sessions may be dropped from the course**. The decision to drop a student from a course will be made by the instructor, who will inform Mari Syväoja, Manager of Academic Operations: <u>mari.syvaoja@aalto.fi</u>.

CODES OF CONDUCT

Academic excellence and high achievement levels are only possible in an environment where the highest standards of academic honesty and integrity are maintained. Students are expected to abide by the Aalto University Code of Academic Integrity, other relevant codes and regulations, as well as the canons of ethical conduct within the disciplines of business and management education.

In addition, the BScBA Program has strict exam regulations in force which must be followed in all test-taking situations.

Additional Information

Late assignments are not accepted. Students are not able to re-do assignments, or do any extra assignments to improve grades.
