

## **A2b Individual Persuasive Presentation**

**Due:** in class on Friday 8 January.

**Topic:** You can freely choose the topic, as long as it is persuasive, business-related and appropriate.

**Length:** 5 minutes

**Visual support material:** PowerPoint slides, Prezi-visuals or the like should NOT be used for the presentation.

### **Procedure in class in small groups (in Zoom Break-out Rooms):**

- Give your 5-minute presentations in turns. The others act as the audience, and they also type written feedback (download feedback sheet Word document in MyCourses) during the presentation.
- After each presentation, the group should spend about 7 minutes giving oral feedback to the presenter. Talk about both the good points of the presentation and the points to consider. It is important that the presenter gets comprehensive feedback in order to know what her/his strong and weaker points are.
- Ask for each presenter's email address and email your feedback forms to each presenter at the end of the session.
