Your personal learning goal: How did it go? Sharing in pairs.

From the first meeting on January:

- *What would you like to learn in the course? Write down*
- *(as a file to your own laptop) your own learning goals for this course.*
- *What kind of new activities would you like to use in your course or your teaching?*

How do you think you have gained goals you had? Or did you reach something else?

**How do you feel about teaching
practice now?**

Which topics were discussed in peer group meetings? List them in flinga.

Reflection and discussion in small groups (25 min)
