

CHEM-E7130 - Process Modeling 14.9.2021-16.12.2021

Pre-exam 45 min, a) Fri 17.9 & b) Wed 22.9 @ 16.15, via MyCourses (2021).

First a strict order from the university: Download all the material you think you will need in the exam from MC to your own computer! This is to avoid excessive data –traffic during the exam period.

Guidelines for the remote exam a) Fri 17.9 or b) Wed 22.9

- The workspace for the exam is created in MyCourses Pre-exam a and b of the course
- Kaj will give access to the exam questions in this section Fri 17.9 or b) Wed 22.9 @ 16.15
- Answer in the word -file for the questions, answer below each question (this is to avoid problems encountered in uploading due to the 20 word limit of the Turnitin system)
- Name your answer and file (one file) clearly (*.doc/docx)
- The drop box for the file of your answers is in the Turnitin -activity
- Remember that there is a practice sandbox for Turnitin named "Turnitin sandbox". This is found in our course MyCourses -pages, some guidelines:
