# Finnish university context

## Freedom and responsibilities

- Learning Services are here to **help** and **counsel**, BUT students are **responsible** for planning their studies and learning.
- This will be your degree and it is up to you how you use your time.
- University provides various different study paths, you are expected to find out about different options and opportunities yourself.

# Ethics in your studies

The goal of the Code of Academic Integrity is to safeguard the learning of the student in a manner that respects the accomplishments of both the student and others. Learning requires independent intellectual effort by the student. A study attainment earned through misconduct does not serve as proof of the true skill level of the student. Misconduct is disrespectful of both the teacher and the university community.

# Exams and remote exams

## Cheating on exams

- Using not allowed materials or even trying to use not allowed materials
- Helping another student

## Examples

- Using a book or searching the internet, when it is not allowed
- Using a non approved calculator
- Working with other students when it is not allowed
- Asking another person to take the exam on your behalf

## Remote exams

- Remote exams can be proctored
- Cheating is cheating in all exams!
- The teacher of your course gives you instructions on your exams. Make sure you know the instructions well before the exam!

# Programming courses

Co-operating and chatting with others about the assignments is highly recommended as long as it's in general level and everyone involved come up with an individual solutions

→ Copying someone else's code is not allowed

**Do not copy anything from the internet and present this as your own solution!**

**The most important thing is to learn and understand, not just getting all the points!**

**Read the instructions carefully!**

**Ask the course assistant/teacher if you are unsure!**

**You get easily caught for coping code! DO NOT DO THAT!**

# Consequences

- 1. A study attainment may be left ungraded if the student is deemed to have violated against the Code of Academic Integrity while completing it.**
  - Student will not be given an extra possibility to complete the course. You will need to retake the course the following academic year.
  - If the violation is noticed after the course, the course may be marked as “Fail” afterwards
- 2. In serious cases a student who has been found guilty of misconduct (i.e. ‘acts under false pretenses’) may be cautioned or suspended for a maximum of one year as a disciplinary measure, depending on the severity of the violation. Also students who have assisted other students in misconduct may face disciplinary action.**
- 3. An Aalto scholarship may be terminated if the student acts dishonestly in studies**

# What do I do if I know or even suspect a foul play
