

A collection of various line drawings of geometric shapes, including rectangles, triangles, and irregular polygons, arranged in a dense, overlapping pattern. The shapes are drawn with simple black outlines on a white background. Some shapes are elongated, while others are more compact. The overall composition is abstract and non-representational.

A collection of various geometric shapes, including rectangles, squares, and triangles, drawn in black ink on a white background. The shapes are scattered across the page, with some appearing to be part of a larger, partially visible drawing on the right edge.

This image displays a series of hand-drawn sketches of mechanical parts, organized into a grid. The sketches include:

- Top Row:** A gear-like component with a central shaft, a small rectangular block, a larger rectangular block with a central slot, and a complex assembly featuring a gear and a shaft.
- Second Row:** A gear-like component, a rectangular block with a central slot, a rectangular block with a central slot, and a complex assembly featuring a gear and a shaft.
- Third Row:** A long, thin, curved shaft or rod, a rectangular block with a central slot, and a rectangular block with a central slot.
- Bottom Row:** A rectangular block with a central slot, a rectangular block with a central slot, and a rectangular block with a central slot.
