

# Find Aalto!

Take a breath and join us for a fun-filled almost-indoor COVID-friendly 'Treasure Hunt' contest with snacks around your journey on campus!

You are all invited to participate in Aallonhuiput's first event for the year, Treasure Hunt: Find Aalto on 24th January!

It's an interactive outdoor/indoor game in Otaniemi, where you must find different landmarks on campus based on given clues. Finding one location reveals clues to the next location. You will work in teams of maximum 5 people. For the first team, rewards will be waiting!

We will meet outdoors in front of A-Bloc starting from 17.30 (you can find a team then if you don't have one yet) and we will offer some chocolates, cinnamon buns and coffee to enjoy during the hunt. We start the game at 18!

During the 2 hours, you will have the chance to explore up to 6 locations. Based on found locations, number of needed clues, time to find all locations, and a special challenge we will score all teams and present the winning teams at the end of the game!

## IMPORTANT CORONA INFORMATION

- Only registered participants can participate in the hunt.
- At the start of the treasure hunt you will be assigned a team (unless you have one already). Please bring a face mask if possible and keep your distances during the team forming session and indoor spaces. We will indicate you a space where to get snacks and wait for your team.
- Do NOT come to the event if you are feeling sick.

Registrations close at 12PM on 24<sup>th</sup> January: <https://forms.office.com/r/k2VqV0ufMQ> (Don't worry if you don't have a team yet, we will help you find teammates during the event, but you will have to register)

## AALLONHUIPUT

Aalto University Doctoral Student Association — Aallonhuiput as we like to call it — is a registered association that connects doctoral students in Aalto University. Aallonhuiput gives a voice to the doctoral community at Aalto University and strives for the well-being and performance of every doctoral student. We conduct events all throughout the year where you can meet fellow PhD candidates, hang out and make new friends.

You can also join the Aalto Doctoral Students Telegram group (<http://t.me/aaltophd>) where we share announcements, events and information that is relevant to all PhD students.
