

### Individual presentation content

- **Proposal & plan:** What did you set out to do and in what order? You can use slides from your mid-project presentation.
- **Documentation of your tests & exploration in the workshops:** What did you try? How did it work? Did you make changes, why?
- **Documentation of execution and iteration on the finished work:** How did you create the final prototype? Use your documentation here: images, text & video.
- **Conclusions and reflection:** What did you learn? What would you do differently? How would you proceed?

### Presentation form:
