Main research areas in the department

- **Focus on applied microeconomics:**
 - Microeconomic theory and information economics
 - Industrial organization
 - Labor and personnel economics
 - Environmental and energy economics
 - Development economics
 - Urban economics
- **Teaching in all main areas of economics**

Helsinki Graduate School of Economics

- **Academic initiative bringing together three Finnish universities:**
 - Aalto University
 - Hanken School of Economics
 - University of Helsinki (including Environmental Economics from Viikki)
- **Coordinates teaching across the schools**
 - MSc courses offered by GSE Economics departments are available to economics students of all schools
 - Most elective BSc economics courses are similarly available
 - Research Master track
 - PhD program
- **Joint research seminars**
- **Research groups across the participating universities**

Partners at Economicum, Arkadiankatu 7

- **Economics departments of**
 - Aalto University
 - University of Helsinki
 - Hanken School of Economics
- **VATT Institute for Economic Research**
- **Labour institute for Economic Research (PT)**
- **Helsinki Graduate School of Economics**
 - Joint unit of the 3 economics departments
 - Coordinates masters and doctoral level studies across the universities

B.Sc. Program in Economics

- **Why did we start this program in 2019?**
 - Big demand for economists with strong analytical skills
 - Opportunity to combine economics with other Aalto strength areas (computational and data sciences, business studies, ...)
 - Only English-language B.Sc. Program in Economics in Finland
- Runs parallel with the Finnish B.Sc. Program, where economics is one major among others
- Continue in Aalto's M.Sc. Program in Economics, integrated to Helsinki GSE

Helsinki Graduate School of Economics

(MSc, rMSc and PhD programs)

U Helsinki
