1

**task for today**

each participant should prepare a presentation of their research (5 minutes, no slides or other visualization) that describes the main topic and its disciplinary context, the specific research questions and the relevance of the research

**A"DS** Aalto University  
Design of Structures

3

Toni Kotnik, Professor of Design of Structures

Meeting 1  
27.9.2022

3

29.11.2022 **meeting 2**

**Domestic Frontiers**

**The Politics of Construction**

**Step 1** until 17.10.2022  
exchange with your group members and your mentor a written version of your verbal research presentation (300-400 words) taking into account today's comments

**Step 2** until 14.11.2022  
discuss in your group the common threads, similar paradigms or preconceptions that can define a framework for all research projects in the group. Support your discussion by sharing links, papers, news or other material of relevance.

**Step 3** until 29.11.2022  
translate your common framework into a title for a possible symposium and describe the topic of the symposium within few lines of text (100-200 words).

step 1-3 should be conducted as email-meeting with your mentor cc'ed into your email exchange

**Algorithmic Controversies**

**Architecture & Labour**
