# Key milestones

# Our scope

*Imagine a world in which every single person on the planet is given free access to the sum of all human knowledge. That's what we're doing. (Jimmy Wales)*

- Wikimedia is collecting **free** knowledge for all. Free as beer, free as speech.
- Main method to get there is to use public copyright licenses that enable the free distribution of an otherwise copyrighted work. Copyleft license also keep the work free.
- <https://creativecommons.org/licenses/by-sa/4.0/>

# What we do?

- Wikimedia Suomi ry, (WMFI) is a Finnish non-profit association registered in 2009.
- The association supports and promotes the knowledge and use of the online encyclopedia Wikipedia and other free services maintained by the Wikimedia Foundation, as well as the creation and distribution of free content in Finland.

**= Webinars, edithatons, photowalks, tutoring, coding ...**

- Basically we are the wikimedist/wikipedists who are showing their real names and faces
- We are not wikipedia, but small part of the larger community.
