Part 2: Use of voice – thought chunks

Walk your pair through your outline and visuals, taking turns
(max. 10 min each)

- Act out **two** key parts of your talk: when **beginning**, and when coming to the **end**
- In twos (or threes), take turns **reading out your selected part** to your partner – use your voice in a way that sounds enthusiastic!
- React to your partner and tell him/her how it sounded – **give constructive feedback** (= if s/he can do something about it)

Where will you **pause**?

In each **thought chunk**, what are the **key words** that you will **emphasize**?

Where could you **change** your **pace**? Which bits will you **speed** up and which ones will you slow down?
