

The image features three stylized trees in a golden-yellow color against a black background. The trees are positioned horizontally across the frame. The tree on the left is a smaller, conical evergreen. The tree in the center is a tall, slender deciduous tree with a sparse canopy. The tree on the right is a medium-sized, rounded deciduous tree. Below the ground line, the intricate root systems of all three trees are visible, spreading out across the width of the image. The text 'Puuarkkitehtuuri' and 'Wood Architecture' is overlaid in the center in a bold, golden-yellow font.

# Puuarkkitehtuuri

# Wood Architecture

# Wood Architecture, design studio: Extending the existing: multi-use - multistory ARK-E1020 (Periods I, II)

Design studio in dealing with space, building strategies and multi-story living. Group work with analyses, design assignment and model making.

Sessions: Wednesdays 13:15 - 18:00 (Paja Studios 306 PS1)

First session: Wednesday 6.9. at 13.15

Credits: 12 cr

Instructors: Pekka Heikkinen, Laura Zubillaga,  
Pekka Pakkanen, Willem van Bolderen,  
Jaakko Torvinen

# Wood in Architecture and Construction

ARK-E401201

Lectures about wooden architecture and engineering. Instructors and visiting lecturers discuss the use of wood in structural and architectural applications in four modules: Wood, Surfaces, Structures, Cycles.

Sessions: Fridays 13:15 - 15:00 (Paja lecture room/online)

First lecture: Friday 8.9. at 13.15

Credits: 6 cr (lectures and assignments)

Instructors: Pekka Heikkinen, Laura Zubillaga
