Agenda

- 16:15 Welcome, Jari Vanhanen
- 16:25 Pitches by the clients
- 17:10 Moving to the lobby
- 17:15 -> Meetings between the teams and clients

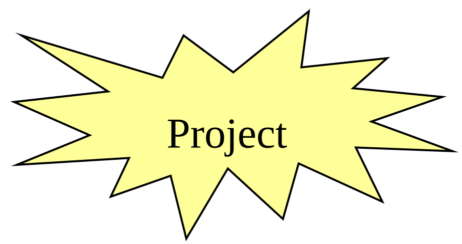
Project Stakeholders and their Goals

Students

- learn about SW development and Scrum
- good grade
- a new entry to the CV
- network with other students and potential employers

Client organization

- get useful SW and new ideas
- get experiences of new technologies etc.
- network with students



Course Personnel (teacher, coaches)

- provide a good learning environment, i.e. a realistic but safe sandbox
- ensure the fullfillment of educational goals
- help to notice *serious* problems before it is too late

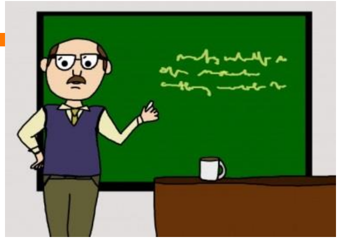
Educational Goals for the Students

- After this course you should
  - **understand the common challenges** involved in SW development
  - be a **better programmer**
  - be able to **apply Scrum** and suitable work practices and tools in your projects
  - have improved in many **academic/soft skills** applicable practically anywhere

”**I can do this**”-attitude

Students are encouraged to use this course as an opportunity to learn as many new things as possible!

We hope that the clients also support them in this endeavor!



A tip from the previous Clients

> While choosing the team, appreciate motivation, as that can make a big difference, and not only the current skill set.

- Client’s role and more tips will be discussed in the Client Info
  - on **Fr 13.10. 13:00 - 13:30** (+ time for questions)
  - in Zoom (link has been sent in e-mail to all the Clients)

Pairing the Clients and Teams

1. Clients give the pitches (**2 min** per topic)

2. Teams meet their favorite clients
   - **TU1:** Topics A-G (Aalto*4, Beamex, City of Espoo)
   - **Lobby:** Topics I-T (Conveqs – Valo Security)
   - **Zoom:** Topics J & B (Droppe & Aalto Inn.) (room 1593 can be used)
   - Client and SM should come to the info desk, if they cannot find each other
   - schedule is on the Google Sheet and printed on the info desk
     - any team can use the empty slots to discuss with some additional client

3. **By Th 12.10. 11:00 am**
   - **clients send their prioritized list of teams to Jari by e-mail**
   - **teams update their prioritized list of clients on the “Team info” sheet**
4. Jari pairs the teams and clients on Th 12.10.
   - automatic match, if both the client and team prioritize each other #1
