

Case report guidelines

Answer to the questions outlined in the case and prepare a maximum 5-page case answer.

In the Tieto case, please consider your distinct profile (Tieto, SPIO SA, or SPIO SB) assigned when you prepare your report. You can find your profile in the group negotiation guidelines file in MyCourses. Please remember that for the Tieto case, you need to also draft a maximum 3-page report on the negotiations. Check the group negotiation guidelines file for details on them.

In the Nokia case, you are free to focus either on Assignment A or assignment B. You can also choose to include both viewpoints in the case report. Simply outline in the beginning of your case report your choice (A, or B, or A+B).
