

Studies at Aalto ENG & Introduction to Learning Services

Minna Marin, Planning Officer (CIV, GEO, WAT)

Content

- Planning your studies – finding your own path
- Learning Services – here to support you with your study-related questions

Planning your studies

- Curriculum & degree structure: What you have to and what you can include in your degree
 - Student guide at aalto.fi
- Personal study plan (PSP or HOPS – henkilökohtainen opintosuunnitelma or ISP – Individuell studieplan)
 - Sisu: sisu.aalto.fi
 - Registration to courses (& exams, if needed)
 - This will eventually “create” your degree certificate
 - Can be modified
 - NB! Some parts require acceptance, you are not in any hurry to do this, but do not leave it until the last moment before graduation

Planning your studies: degree structure

- Major studies (60 cr):
 - Compulsory courses (20 cr) → everyone takes the same courses
 - Optional studies (40 cr) → Choose from the list
- Elective studies (30 cr) → more on next slide
- Master's thesis (30 cr)

Please note that the total number of credits for a master's degree (major studies, elective studies and master's thesis) may not exceed 125 ECTS.

Planning your studies: Elective studies ~30 cr

- Deepen your expertise by taking more advanced courses from your own programme?
- Broaden your expertise by taking courses from related master's programme?
- Minor: if you wish to include a minor in the degree, it will be part of elective studies. Please note that the minor should be advanced level
- Exchange studies

- You can also include max 5 ECTS of practical training (ENG-E1010 Practical training) in your elective studies.

Choose courses that you find inspiring or important for your career!

Planning your studies: Credit transfer?

- Do you have already some studies in addition to your bachelor's degree?

Or

- Do you plan to take courses outside Aalto during your studies?

→ Credit transfer possible

Please note! If you transfer some credits to Aalto, you **NEED TO** include those into your degree.

Learning Services: Programme-specific services

Building Technology, Geoengineering and Water and Environmental Engineering:

Planning Officer: Minna Marin

Coordinator: Harri Långstedt

→ **contact: masterstudies-eng@aalto.fi**

→ **Want to book a 1:1 meeting?** mystudies.aalto.fi

→ **Weekly walk in-meetings:** I period Tuesdays 2 pm-3.30 pm, K1 building (Otakaari 4), Room 102 Minna and/or Harri present

Friday 30 August:

Meet us at K1 building (Otakaari 4) 9 am to 12 pm
