

Instructions for the casing-in of the Thesis

Appearance

The thesis must be cased-in black, hard covers and the text on the covers must be written in gold.

On the front cover only the words “MASTER’S THESIS” (in capitals) can be written, NOT the name of the thesis. The name of the writer is placed to the right bottom corner, also in capitals. The writer’s name and the year must be placed on the side of the thesis in capitals.
