Grading System

- 1 Give a presentation (approx. 45 min) on a related topic (30%)
- 2 Act as an opponent in 2 presentations (20%)
- 3 Keep a learning diary (up to 1-2 page per topic in arbitrary format) (10%)
- 4 Finish an assignment (20%)
- 5 Peer-review an assignment (10%)
- 6 Present your assignment (approx. 5 min) (10%)

Organization

- Presentations:
 - We will have a selected list of papers for each session, please choose and register your presentation time.
- Assignments:
 - You can choose a recent paper in CV or the paper you are presenting, replicate the experiments and write your own understanding of the models. Sometimes, the papers have their code available, it is totally fine to experiment with the parameters and write your own understanding of the method. You can also share your experience with a previous relevant project.
