Evaluating group:

ICE CRYSTAL STRUCTURES : THE ESTIMINATORS

Evaluation on the subject chosen by the group:

Super interesting

Evaluation on the focus/depth of the chosen subject:

They know their subject well and the presentation was diverse

Strengths of the presentation:

Theory part! Real photos from cultural center and sketches

Development areas of the presentation:

Group to be evaluated: *The estimators*

Evaluating group: *NOT A ROBOT*

Evaluation on the subject chosen by the group:

Interesting stuff about ice learned

Evaluation on the focus/depth of the chosen subject:

Managed to narrow down idea(s) from last time

Strengths of the presentation:

*Illustration was good
clear concept*

Development areas of the presentation:

the sculpture could have movement or change, instead of being static

Please continue your evaluation on the other side if /when needed !

Group to be evaluated: *Estimators*

Evaluating group: Ais - T

Evaluation on the subject chosen by the group:

- Realistic timeframe for topic (it seems)

Evaluation on the focus/depth of the chosen subject:

- Focused, direct
- concise scientific explanation

Very direct. Kept the focus on the iceberg & what didn't link directly to presentation was connected somehow

Strengths of the presentation:

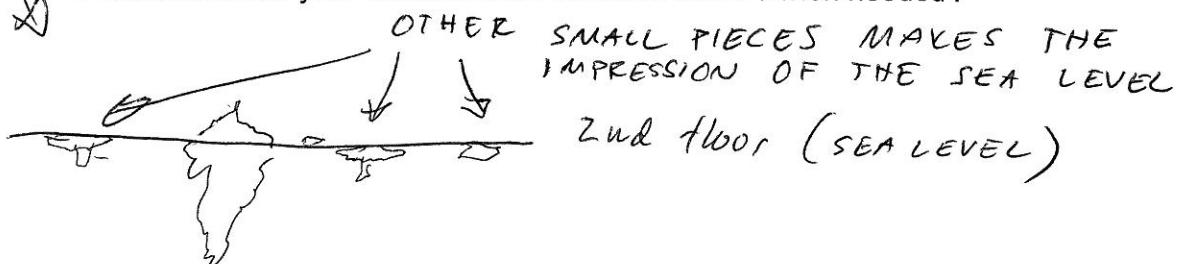

- Focused, direct ; clear theme having the iceberg
- Concise scientific explanation
- Nice how they sketched into photo of the actual space in cultural center

Development areas of the presentation:

- Viewers might have difficult time connecting these scientific concepts to artwork (but could be fixed w/ text piece?)

IDEA TO HIGHLIGHT THE SEA LEVEL FOR THE VISITORS
(OTHERWISE IT MIGHT NOT BE CLEAR)

Please continue your evaluation on the other side if /when needed !
