Group to be evaluated: Peace of the Pi (crystal garden)

Evaluating group: Suzy

Evaluation on the subject chosen by the group:

Create a space and experience -
a garden in the garden city. A nice
way to reflect history.

Evaluation on the focus/depth of the chosen subject:

More wide than deep, a bit too broad. The
focus should be more precise.

Strengths of the presentation:

Sketches were really cool and informative!
The range of ideas was wide → a lot of
options. Very colorful ideas! Ü

Development areas of the presentation:

Consistency, logic of the way of presentation
could be improved (start connected to end).
Consider the possibility to narrow the
material.
